Taaniel Vananurm

Junior front-end developer · web and digital designer

Tallinn, Estonia · Taaniel.vananurm@gmail.com · +372 5894 8814

Portfolio · github.com/Taan1el

Profile

I graduated with honours as a Multimedia Specialist from Tallinn Polytechnic. I am looking for a junior front-end developer, web designer or digital designer role. I have hands-on experience with HTML/CSS, web projects and marketing visuals.

Work experience

Web and marketing intern, Fiizy OÜ

03.03.2026–19.06.2026 · completed internship

- Designed and coded HTML/CSS email banners and campaign visuals.
- Worked with partners across different markets and international financial products.
- Used Figma and Adobe Photoshop to create visuals.

Partner names, campaign materials and internal results are not disclosed.

Projects

Slow Pour · multimedia final exam

Design and build of a coffee shop website: Nunjucks, JavaScript, CSS and Vite. The public front-end demo has a product catalogue, filters and a shopping cart saved in the browser. Its forms do not send real orders or emails. A separate module holds an Express and SQLite backend, which does not run on GitHub Pages.

Public demo · Source code

Portfolio OS · personal web project

A React and TypeScript portfolio: movable and resizable windows, state management with Zustand and a virtual filesystem built on IndexedDB. Employers have a separate overview page.

Public demo · Source code

Education

Tallinn Polytechnic

Multimedia Specialist, level 4 · 2023–2026 · graduated with honours

Skills

Web: HTML, CSS, JavaScript; React, TypeScript, Zustand and Vite in the portfolio project.
